What do we do?

Personalized Attention. Compassionate Care.

- **Preventive Care Visits** – Frequent visits from our Nurse Practitioner(s) in the comfort of the Member’s home
- **Diagnostic Testing & Treatment** – On-site diagnostic test capabilities for early identification and treatment
- **Comprehensive Care Coordination** – Collaborate with all providers to monitor our Member(s) health, and coordinate appointments and referrals
- **Medication Review & Monitoring** – Monitor patient medications to avoid drug interactions and unnecessary hospital visits
- **Centralized Point of Contact** – Help Members and their loved ones take advantage of their benefits, set up appoints and explain plan
